This document provides instructions on how to access your OvidSP webstats. Please follow the link below:

https://ovidspstats.ovid.com/

The access details are different to the old Ovid Gateway. Ovid Technical Support will give you the access details (E: support@ovid.com)

After logging into the WebStats utility you will be presented with the page below where you will need to select one of the COUNTER report types for either journals, databases or books.
Detailed reports can be also create through these options below:

At the bottom of the list you’ll find a section that can be used to change your password for WebStats:

The following section can be used to specify the format type and recipient email address.
Scheduled reports they will be sent out on the 4th day of the month.

A format type must be selected. The available format types include CSV (comma delimited), tab delimited or XML.

After making the selections, select “Schedule” for scheduled reports or “Run Now” to create and receive a report shortly by email. The reports will be attached to the email as .zip files as in the example below.
